City of Blades is the second book in The Divine Cities series. The first book, City of Stairs, was a fun novel with a young, clever spy protagonist. City of Blades is a much more serious book that is more literary in its focus on the internal struggles of its damaged protagonist.

Divine Cities is shaping up to be one of my favourite series with its exceptional characters, captivating stories, lush worldbuilding and impeccable writing in a genre-defying narrative. I am craving for more and hope that the final book, City of Miracles, will live up to this fantastic sequel.
